The Nomination Committee proposes, in accordance with the recommendation of the Board, the re-election of the Company's current auditor, the registered accounting firm Öhrlings PricewaterhouseCoopers AB until the end of the 2019 AGM. Öhrlings PricewaterhouseCoopers AB have notified that Authorized Public Accountant Ann-Christine Hägglund will continue to serve as the Auditor in Charge.

Item 14 — Resolution on policies regulating the appointment of the Nomination Committee and its work

The Nomination Committee proposes that the AGM resolve to adopt an unchanged instruction for the Nomination Committee with one change, namely that the instruction will apply until further notice. In other words, it will not be addressed by future AGMs unless there is a proposed change to the instruction. The following instruction is proposed:

Annually and not later than the end of the third quarter every year, the Chairman of the Board of Directors convenes the three largest shareholders or shareholder groups (this includes directly registered and trustee-registered shareholders) in the Company, as registered at August 31 according to Euroclear Sweden AB, which are then each entitled to appoint one member of the Nomination Committee. The appointee in question should not be a Board member. If any of the three largest shareholders wishes to refrain from a place on the Committee, the place on the Committee is offered in turn to the next largest shareholder. In addition to the above, the Chairman of the Board is to be a member of the Nomination Committee. If any shareholder should waive their right to appoint a member of the Nomination Committee, only the five largest shareholders need to be asked unless this would result in the Nomination Committee consisting of less than its minimum of three members (including the Chairman of the Board of Directors). The President and senior executives of the Company are not permitted to be members of the Nomination Committee.

The Chairman of the Board is the convener of the first meeting of the Nomination Committee. Unless otherwise decided by the Committee, the member representing the largest shareholder should be appointed Chairman of the Nomination Committee. The Nomination Committee prepares written rules of procedure to govern its work. The mandate period of the Committee extends until such time as a new Nomination Committee has been appointed.

The composition of the Nomination Committee must be announced a minimum of six months prior to the AGM, thereby providing all shareholders with information regarding which individuals to contact regarding nomination issues.

If shareholders have been added among the three largest shareholders after the

Nomination Committee has held its statutory meeting, said shareholders may contact the Chairman of the Nomination Committee to make a request to appoint a member of the Committee. The Chairman of the Nomination Committee then informs the other members of this wish. If the ownership change is not insignificant, the member appointed by the shareholder that is no longer among the three largest shareholders should vacate his position and the new shareholder can then be permitted to appoint a member. However, the structure of the Nomination Committee should not be changed less than two months prior to the AGM. If a member leaves the Nomination Committee prior to completion of the Committee's work, the Nomination Committee is to invite the shareholder who appointed the departing member to appoint a new member. In the event that no new member is appointed by the shareholder who appointed the departing member and if the Committee finds it necessary to replace this member, a new member should be appointed in accordance with the principles set out in item 1 above, based on the share register maintained by Euroclear Sweden AB, as soon as possible after the member has left the Committee. Changes in the Nomination Committee are announced immediately.

The Nomination Committee should prepare and submit proposals to the General Meeting in respect of:

- the election of the Chairman of the Annual General Meeting;
- the number of Board members;
- the election of the Chairman of the Board of Directors and other Board members on the Company's Board of Directors;
- directors' fees specified between the Chairman of the Board of Directors and other Board members;
- the election of and approval of fees to the auditor and deputy auditor (where applicable); and
- resolutions on principles regulating the appointment of the Nomination Committee.

No fees are payable to members of the Nomination Committee. The Nomination Committee is entitled to charge the Company with expenses including the cost of recruitment consultants or other expenses required for the Nomination Committee to fully execute its assignment.

The above principles for the appointment of the Nomination Committee apply until the Annual General Meeting decides on a change to them. It is the responsibility of the Nomination Committee, prior to the AGM, to determine whether the Nomination Committee finds it necessary to propose any change to the principles in question and in this event, to submit a motion to the AGM in accordance with paragraph five above.

Item 15 — Resolution on guidelines for the remuneration of senior executives

The Board of Directors proposes that the AGM passes a resolution on the following guidelines for determining remuneration and other terms of employment for the President (the "President") and other senior executives ("Senior Executives").

The overriding policies for remuneration of Senior Executives are that remuneration should reflect the position, the individual's performance and the Group's earnings, and be market-based and competitive in the country of employment. Total remuneration to Senior Executives should comprise a fixed salary, variable salary in the form of Short-Term Incentives (STIs) based on annual performance targets, Long-Term Incentives (LTIs) based on performance over a multi-year period as well as pension and other benefits. In addition to the aforementioned come the terms for notice of termination and severance pay. Fixed salaries should be set below market averages. However, overall remuneration, including STIs and LTIs, entails that the market average may be exceeded. Total remuneration should be reviewed annually to ensure that it reflects market rates and is competitive. Comparisons should take into consideration the position, the Company's size, the level of salary and the individual's experience.

Fixed salaries

Fixed salary comprises the basis for total remuneration. The fixed salary should relate to the relevant market and reflect the scope of the responsibility entailed by the position.

Variable salary (Short-Term Incentives "STI")

In addition to their fixed salaries, Senior Executives should receive STIs for performance that surpasses one or more predetermined performance targets during the fiscal year. Remuneration from the STI program is limited to a maximum of 100% of the fixed salary for the President and 40% of fixed salary for other management, which means that Byggmax can immediately calculate the maximum variable remuneration level. STIs are measured with qualitative and quantitative measures. The maximum cost of the Byggmax Group's STI program is estimated to amount to SEK 10 million (10) (excluding social security contributions).

Long-Term Incentives "LTI"

The 2015 and 2017 AGMs adopted long-term warrants-based incentive programs. The incentive programs are described in Note 9 of the 2017 Annual Report and can be viewed on the Company's website, www.byggmax.com.

Pension

Where possible, pension agreements should be premium-based and designed in accordance with the levels and practices applicable in the country where the Senior Executive is employed.

Other benefits

Other benefits may be provided in accordance with the conditions that apply in the country where the Senior Executive is employed. However, all such benefits should be as limited in scope as possible and are not permitted to comprise a significant proportion of total remuneration.

Notice period and severance pay

Senior Executives should be offered terms complying with prevailing legislation and practices in the country of employment of the Senior Executive. During the notice period, Senior Executives should be prevented from working in a competing business. In specific cases, a non-compete clause against continued compensation is applicable for a period of up to 24 months after termination of the notice period. At present, the longest notice period in the Byggmax Group is 12 months and no severance pay agreement exists in any employment contract.

The Board has the right to deviate from the aforementioned guidelines if the Board deems that it is motivated in specific cases.

Information concerning the AGM

The Board of Directors and the President must, if a shareholder so requests and the Board of Directors considers it possible without this resulting in material damage to the Company, provide information concerning, conditions that could influence the assessment of an item on the agenda, conditions that could influence assessments of the financial condition of the Company or subsidiaries and the company's relationship to other Group companies.

Documentation for the Annual General Meeting

The financial statements and auditors' report, the auditors' opinion on the application of guidelines for the remuneration of Senior Executives, a complete set of proposals for the resolutions, and, where applicable, reasoned opinions as well as other documents

pursuant to the Companies Act will be available from the Company at Armégatan 40 in Solna, Sweden, and on the Company's website, www.byggmax.com, not later than three weeks before the AGM, that is, not later than April 18, 2018. Copies of the documents are sent to shareholders who have requested this and provided their postal address. The documents will also be available at the AGM.
