Bygghem opens new store in Vallentuna.

In the spring of 2018, the low-price retailer Bygghem opens a new store at Väsbyvägen/Lindövägen in Vallentuna. The Vallentuna store will be unique, since it is the first time Bygghem opens a building material store and a garden store at the same time, integrated with each other. The store will employ eight to ten people.

Earlier this year Bygghem launched the new concept Bygghem Garden in Borlänge and Vellinge, at the premises of existent Bygghem stores.

– For a long time we have wanted to open a store in Vallentuna and now we have found a good location for Bygghem in a fantastic commercial area. It feels great to be able to open in Vallentuna and offer more customers the opportunity to purchase high quality building material as well as garden supplies at competitive prices, fast and easy, says Johan Sperling, Regional manager at Bygghem. Welcome in the spring!

Good quality at a low price

The Bygghem concept is to offer good quality products at low prices. The customers do part of the job themselves, which means that Bygghem can keep the costs down.
